Dear Friends,

For twenty five years, Social Enterprise for Canada (SEC) has been an important partner with the Government of Canada in the delivery of needed services for families, youth and new Canadians.

The primary objective of SEC is to encourage an emphasis on social objectives and to serve the public good while conducting sound business practices while remaining an inspiration for the entire business community.

Through tumultuous economic times as the global economy continues to experience arise; it becomes more important than ever for not-for-profit charitable organizations to operate feasible programs with the greatest possible output while maintaining efficiency in its operations. As SEC advocates: A Social Enterprise operates a "double-bottom-line" designed to earn a profit and fulfill a social mission.

I wish today's event and the future of Social Enterprise for Canada great success in their future endeavours.

Sincerely,
